

Fintac and the AT(SA)

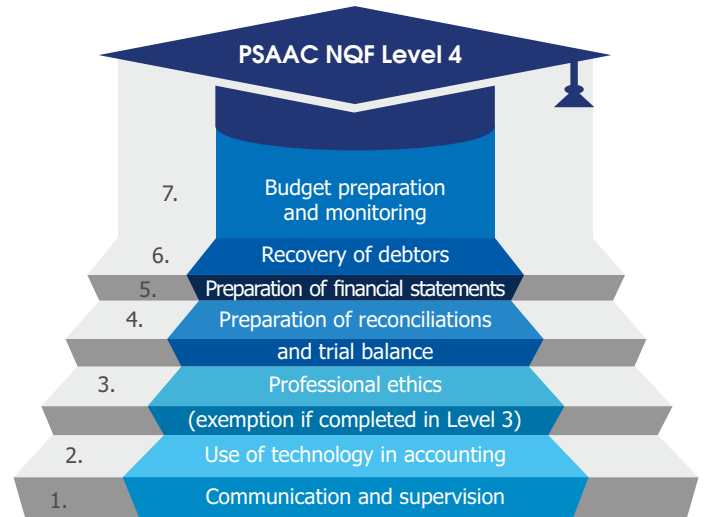

Accounting Technicians South Africa - AT(SA) - is a finance and accountancy professional body that offers practical accounting qualifications and professional membership. AT(SA) is an associate of the globally respected South African Institute of Chartered Accountants (SAICA), the foremost accountancy body in South Africa. The AT(SA) qualifications and memberships are offered at all levels, from administrative to professional accounting and finance positions, allowing ordinary people to become qualified accounting technicians and build sustainable accounting careers within the public sector. FINTAC is proud to be an accredited training provider for the AT(SA) qualifications.
