Why Sage One Accounting?

Simple

Online accounting could not be simpler. Our software is written in easy to understand, everyday language - anyone can use it.

Secure

Because it's online your data is always secure. No back-ups needed. Plus our password encryption is world-class.

Flexible

Completely hosted online so you can access your business management software anywhere, anytime. All you need is an internet connection.

Dashboards

Nothing is more important than knowing that your business is on the right track. With our customisable dashboards, you gain an instant understanding of how your business is performing at any point.

Compliant

Sage One helps you to always be up to date with the latest in legislation. It's the easiest way to remain SARS compliant.

Invoicing

Invoicing has never been this easy. Look professional to your customers by creating quotes and invoices in a flash.

Collaborate

You and your accountant can work online on the same data at the same time Help is always just a click away with Sage One.

Bank Feeds

Do you spend hours capturing your bank statements? Automatic Bank Feeds allows you to simply link your bank account to Sage One Accounting and everyday your bank transactions will be updated automatically.
